# A World of Better Hearing

Lifestyle Hearing

Newsletter for our Patients

IN THE OFFICE OF DR. ROSNER • EAR, NOSE & THROAT SPECIALIST

*in the office of Dr. Arthur Rosner*

**Dear Patient,**

Here at Lifestyle Hearing, we pride ourselves on **Changing Lives...One Ear At a Time**. But we also strive to provide continuous value to our patients through hearing and hearing loss education.

We invite you to visit us online and gain access to great resources. Follow our social media pages and all our latest tips will come directly to your own social media feeds!

On our website, you'll find interesting articles written by our hearing care professionals. Plus, expedite appointment scheduling by submitting your availability through our online form, and save yourself time by downloading patient forms!

Get social with us! Follow us on Facebook and Twitter for tips on how to get the best performance out of your hearing aids, plus other helpful information you can share with friends and family! Check out our YouTube channel to watch video tutorials on how to care for your aids, and much more!

Don't forget about our new Walk-In Hours, Monday through Friday, 9:30 – 11:30 a.m. and 1:30 – 4:00 p.m. During this time, a dedicated staff member is available to clean your hearing aids, change batteries, and give instructions on how to properly care for your hearing aids.

The coordinated care between Dr. Rosner and Lifestyle Hearing means we can make sure you see the correct professional the same day you visit, making us not only the most competent choice, but the most convenient one as well.

We are here to support you on your way to better hearing. Call today:  
**(248) 430-4723**

Sincerely,

*The Staff @ Lifestyle Hearing*

# Patient Corner

*We're proud to be Changing Lives...One Ear at a Time. Here's what one of our loyal patients had to say.*

"Angie Lederman is one of the most pleasant, positive, enthusiastic and outstanding people I have ever met. As a teacher, I have had the opportunity to meet many people and she ranks at the top. Besides her professionalism and knowledge, her concern for me as a patient was incredible. I felt so completely at ease in making an important decision regarding the purchase of my hearing aids, trusting that she would direct me in making the best possible choice to suit my needs. Her approach made me feel confident that wearing the devices would be easy and second nature. She explained that her main goal in fitting them was for me to feel comfortable and satisfied, and she would do everything to make that happen. Her patience and knowledge in explaining how to properly implement the use and care of the hearing aids was comforting. She also programmed my device connecting with my cell phone and explained its usage. Angie always gave me her full time and attention, encouraging me to call with any

question or concerns, and scheduled follow-up visits.

In all my years of declining hearing and working with other specialists, none have come close to Angie's caliber. Honestly, people like her are a rare commodity in this hectic world of ours. She is a great asset to her profession and the people she works with. Angie deserves to be recognized and applauded as the "National Hearing Professional of the Year," and people need to know how fortunate they are to have her working with their company and doctor's office. I know how fortunate I am to have met her!"

Chuck M.
